Press Release: ALEPH FINANCE - Transfer of Segment

Aleph Finance Group Plc [MLALE.EUA], a company active in investment management and the provision of financial and insurance services to wealthy and institutional clients.

After its debut on Euronext, the company has expanded its business with the entry of new strategic investors and has got to a flotation that ensures trading in stock for its current and prospect investors.

Due to the international presence, directly or through its holdings, the company is due to provide stand alone and consolidated audited accounts within the regulatory timeframe set by the Exchange.

Such reporting activity has involved a lot of effort from the company side and for its auditors, due the above said multi-country exposure of the group, with each participated or controlled company having its own and country specific requirements in terms of reporting.

In order to be timely and fully compliant with the rules and the timeline required by the Exchange, it is the understanding of the company that Euronext Access segment of the Euronext exchange is more suitable to such company characteristics and the company has consequently required the transfer to such segment from the current contiguous Euronext Access plus.

The Company reaffirm its commitment to provide all the current information to its shareholders, also the information that is not mandatory within the Euronext Access segment.
